Gloria

I admit that I have not done a FOIA recently under the new system of electronic searches.

Our OEI office will do this search for me. I am in the process of contacting the appropriate person in OEI to get this started.

As soon as I have made this contact I will let you know.

Marlene

I believe that the process that the Region 6 Superfund Division uses to select potentially responsive documents is different from the process likely employed by your office.

Stephen Tzhone and I are available to hear information about your search process and share with you the search process employed here in the Region 6 Superfund.

Let me know your availability for a phone conversation and I will coordinate a time with Stephen.

Gloria

Thanks for all your help.

HQ will prepare a separate response but will do so coordinating with the Region.

Couple of questions:

As per my previous email, how would we coordinate with Region 6 on the actual Outlook search since we will both be using the same search parameters [terms, dates] only for different people?

And as I work on this FOIA, is there one person in the Region that I would be coordinating with?

Hello

Because of Mr. Patrick's assessment below, I will defer the decision concerning this issue to the FOIA Coordinators and FOIA staff in the Region and HQ.

All

Given our history with responding to Mr. Grisham and the numerous FOIA's that he has submitted and his unique way to claim that we are not responding to his questions; or various staff are not being transparent or we are stalling, etc. I would recommend that we deal with each individual FOIA that was submitted by Mr. Grisham.

FYI.

Per a conversation with Gloria Moran- SF attorney in Region 6 today she has communicated with Marlene Berg regarding the two FOIA requests from Charles Grisham. A decision for **and** final response letter was made to include both FOIA requests numbers. Although at this time I do not know which office will be doing the final response letter.

Hi Dee Dee I'm not sure if HQ would have records for #1-4 but the 6SF site team coordinates with HQ via Marlene Berg the national dioxin coordinator so I included her on cc for any information.

Also currently 6WQ is working with 6RC on an Arkansas Water Quality Standards issue that Curt had inquired about. I included Russell Nelson the 6WQ regional standards coordinator on cc as well.

If any further inquiries please keep Marlene and Russell on cc. Curt Grisham had called yesterday to inquiry about the site and related items. Prior to that he sent an email on 12/31/2014 inquiring about the Arkansas WQS.
